

ALLIES TELL RUMANIANS THAT THEY MUST NOT STRIP HUNGARY

Supreme Council, Answering Note From Bucharest, Informs Rumania That Fixing Amount of Reparation From Hungary and Its Distribution Is Matter Under Control of Entente, Not Rumania Alone.

PARIS, France, Aug. 15.—(By the Associated Press.)—Rumania will not be permitted to strip Hungary according to the draft of the supreme council's reply to the last note from Bucharest, which was completed at Friday's meeting of the council.

The Bucharest government is informed that the fixing of the amount of reparation to be made by Hungary as well as its distribution, is a matter under control of the allied and associated powers and that until final decision is reached, all war, railway and agricultural matter now in Hungary and subject to distribution would be under the common administration of the allied powers. The text of the reply follows:

Text of Allied Reply.
"The peace conference, without reserving to a certain number of points which call for correction on its part, notes with satisfaction the Rumanian declaration that it intends to work in agreement with the policy which the conference communicated through the military mission and to Italy, post by the supreme council.

"Directions sent three times by the conference to the mission of allied generals and commanders to Bucharest have definitely, specifically and in detail set forth the present policies of the allied powers toward Hungary, the disarmament of Hungarian troops, the maintenance of order with the smallest possible number of foreign troops, the reestablishing of Hungary and the abatement of all interference in the internal politics of Hungary, preserving for that country a free expression of the national will.

Can't Recover at Present.
"The supreme council insists on the fact that the final recovery of war, railway or agricultural matter or of cattle, etc., cannot occur at present. According to the principles of the peace conference, accepted by all the allies and applied in particular in the treaty of peace with Germany, it is the right of the assembly of the allied and associated powers alone to fix the reparation to be made by Hungary and determine upon its distribution among interested states. Neither the Rumanian army nor the Rumanian government has the right itself to fix Rumania's share, assets of all kinds

belonging to Hungary being a pledge held by the allied powers in common. A formal declaration that the Rumanian government favored the advent to power in Hungary of archduke Joseph was issued today by the Rumanian press bureau.

Joseph Names Cabinet.
Budapest, Hungary, Aug. 15.—(By way of Bern.)—Archduke Joseph, the head of the Hungarian state, has appointed a new government. With Stephen Friedrich as premier, Martin Lovassy, who was premier of the last cabinet, is foreign minister. In the new government, archduke Joseph's personal minister is Baron Sigmund Perczy, minister of the interior.

Col. Johnson, Ordered To Ft. Sam Houston, Sued For An Alleged False Arrest.

Columbus, O., Aug. 15.—On the eve of his departure for Fort Sam Houston, where he is to become head of the militia bureau, southwestern department, Col. Franklin O. Johnson, commander at the Columbus barracks, was made defendant in a \$25,000 damage suit filed here by Francis M. Doyle, former captain in the quartermaster's department under Col. Johnson. Doyle alleges false arrest.

The damage suit is the culmination of a long and bitter fight between Col. Johnson and Doyle, who was charged with conduct unbecoming an officer. He was under arrest at the barracks for five months. Doyle, as counsel for a private who was to be tried by a special court, demanded a general court, and being refused by Col. Johnson, appeared to the commander of the central department at Chicago. This resulted in Doyle being arrested.

Doyle was found guilty by a general court, but the decision was reversed by Maj. Gen. Leonard Wood.

Teutons Defend Rejection Of Allied Demand

Refuse To Recall Gen. Von Der Goltz, Commander In The Baltic.

Berlin, Germany, Aug. 15.—(By the Associated Press.)—Germany, in its note refusing the allied demand to recall Gen. von der Goltz, the German commander in the Baltic, denies the charge that the German evacuation of Latvia has been delayed purposely and says that it has been proceeding in accordance with the plan arranged at a conference between the German commander and the British general, Gough, the allied commander on July 12.

"Authority Encroached On."
Germany, the note adds, cannot meet any demands going beyond article 12 of the armistice. The demand for the recall of Gen. von der Goltz, it is asserted, is an encroachment on the authority of Germany which reserves the right to recall the general when the evacuation of Latvia is sufficiently advanced. The note adds that the distress has been caused among the German volunteers in the Baltic region by the failure of the Lithuanian government in Latvia to grant Lithuanian citizenship to soldiers who desire it. The German government warns the allies against increasing the great possibilities of friction in Latvia by an overhasty withdrawal of the German troops.

OFFICER DURING THE WAR? THEN WEAR THIS BRAID
There is general approval of the action taken by the war department in ordering a distinctive mark on the uniform of enlisted men who have held commissions in the army. More than five thousand men from the regular army have served honorably and ably, and it is a just recognition of their ability to perform the duties of a commissioned officer that this special mark be accorded to them.

The order directs that enlisted men who have served on active duty as commissioned officers in the army and whose commissioned service was terminated honorably, are authorized to wear a band of forest green braid, one-half inch wide, on both sleeves of the service coat, the lower edge of the braid to be three inches from the end of the sleeve.

GERMANY HAS NEW HIGH COMMAND FOR EAST FRONT
With the American forces in Germany, the German high command for the eastern front has been established by Germany to take the place of the general headquarters. An order of the national war ministry dated July 17, says that in place of the dissolved general headquarters, there has been created the command of the eastern front, which will have the duty of directing the operations of the German army in the east.

FIRST DIVISION STARTING HOME

Yanks Who Captured Cantigny Leaving The Rhine To Sail For U. S.

Coblenz, Germany, Aug. 15.—(By the Associated Press.)—The American First division, the first division to land in France, and the captors of Cantigny, began leaving the Rhine for home this week. The taking of Cantigny, in the Montdidier sector, was made in the first attack by an American division on the western front. It is expected that all the troops to leave will have arrived at Brest within a week.

Few Marines Lived Through Two Fights, Says Returned Man
But few marines who went to France in the first marine contingent survived the fighting. The story of the fighting was told by a returned man, Sergeant Hardy, who was with the 11th regiment of the 4th Marine Division when it fought the two battles of Cantigny.

Oil Cases Now Top Calendar In Mexican Court

If Foreign Concerns Win Writs, Caranza Decrees Will Be Suspended.

Mexico City, Mex., Aug. 15.—Writs asked by foreign oil interests were placed at the head of the calendar by the supreme court Friday, the justices voting unanimously to give them a status of urgent importance. A committee of three justices was named to study the petitions, which have been appealed from lower courts to the supreme tribunal, so that the full bench can begin an immediate study of the legal points involved in the various petitions. The number of petitions which will be considered by the court is 66 up to the present. It is stated that this consideration will begin within the next 15 days.

May Avoid International Crisis.
Should the supreme court grant the writs petitioned for by the foreign companies, presidential oil decrees against which the oil interests are fighting would be suspended and the petroleum situation would remain in status quo until congress acts on pending legislation. The action of the supreme court, together with the decision of the senate to begin work on petroleum legislation without delay for similar action by the lower house, has encouraged the hope that an international crisis can be avoided.

TWENTY MEN STILL HELD IN CHIHUAHUA'S PLOT
Chihuahua, Mex., Aug. 15.—The military authorities have been investigating the culpability of the 20 men, military and civilians, who were taken here and the accused are going to be tried by military court.

No exceptions have been made: the prisoners are not yet sentenced. Among them are some military officers and the charged that they were going to rise the rebel flag next month.

It seems also a fact that some of the men in jail were sending horses and small amounts of ammunition and arms to Villa from this city, where they thought they were going to rise the rebel flag next month.

METHOD SCHOOL IS TO BE OPENED AT CHIHUAHUA
Chihuahua, Mex., Aug. 15.—Under the name of "Centro Cristiano" the Methodist Episcopal church, South, is going to start next month its first social settlement work, not only in Chihuahua, but in all the territory south of the border. The "Centro" is going to have a kindergarten, a free playground, a day nursery that will help the poor have a special clinic for the poor and promote the development of Boy Scout organizations, boys' clubs, teaching of manual arts and athletics. It will also have a department for teaching sewing and cooking to the girls and night classes of Reading and Spanish. Ten paid instructors will be enrolled as professors and the institution expects that in a year it will be able to reach more than 400 people.

MEXICAN CONSUL GENERAL DENIES SHIPMENT OF SUGAR
General Garcia, Mexican consul general here, on Saturday denied reports that 120,000 worth of sugar is being rushed to Mexico City by way of El Paso from Chihuahua. Garcia said that no such shipment is en route to Mexico City by way of El Paso. We are rushing some sugar from Cuba and that has relieved any shortage which was threatened.
